

# GLADIA STARK

20.01.2025

*Section I*

# INTRODUCTION

# What Is GladiaStark ?

*A \$1 bet. A digital gladiator. All enter the arena. One winner takes the prize.*

# PROB LEM

*Blockchain gaming is intimidating and complex for most users—GladiaStark simplifies it while offering a chance to win real rewards.*

# SOLU TION

*A \$1 entry lottery where your NFT gladiator competes in a battle royale for the prize pool.*

*Section* II

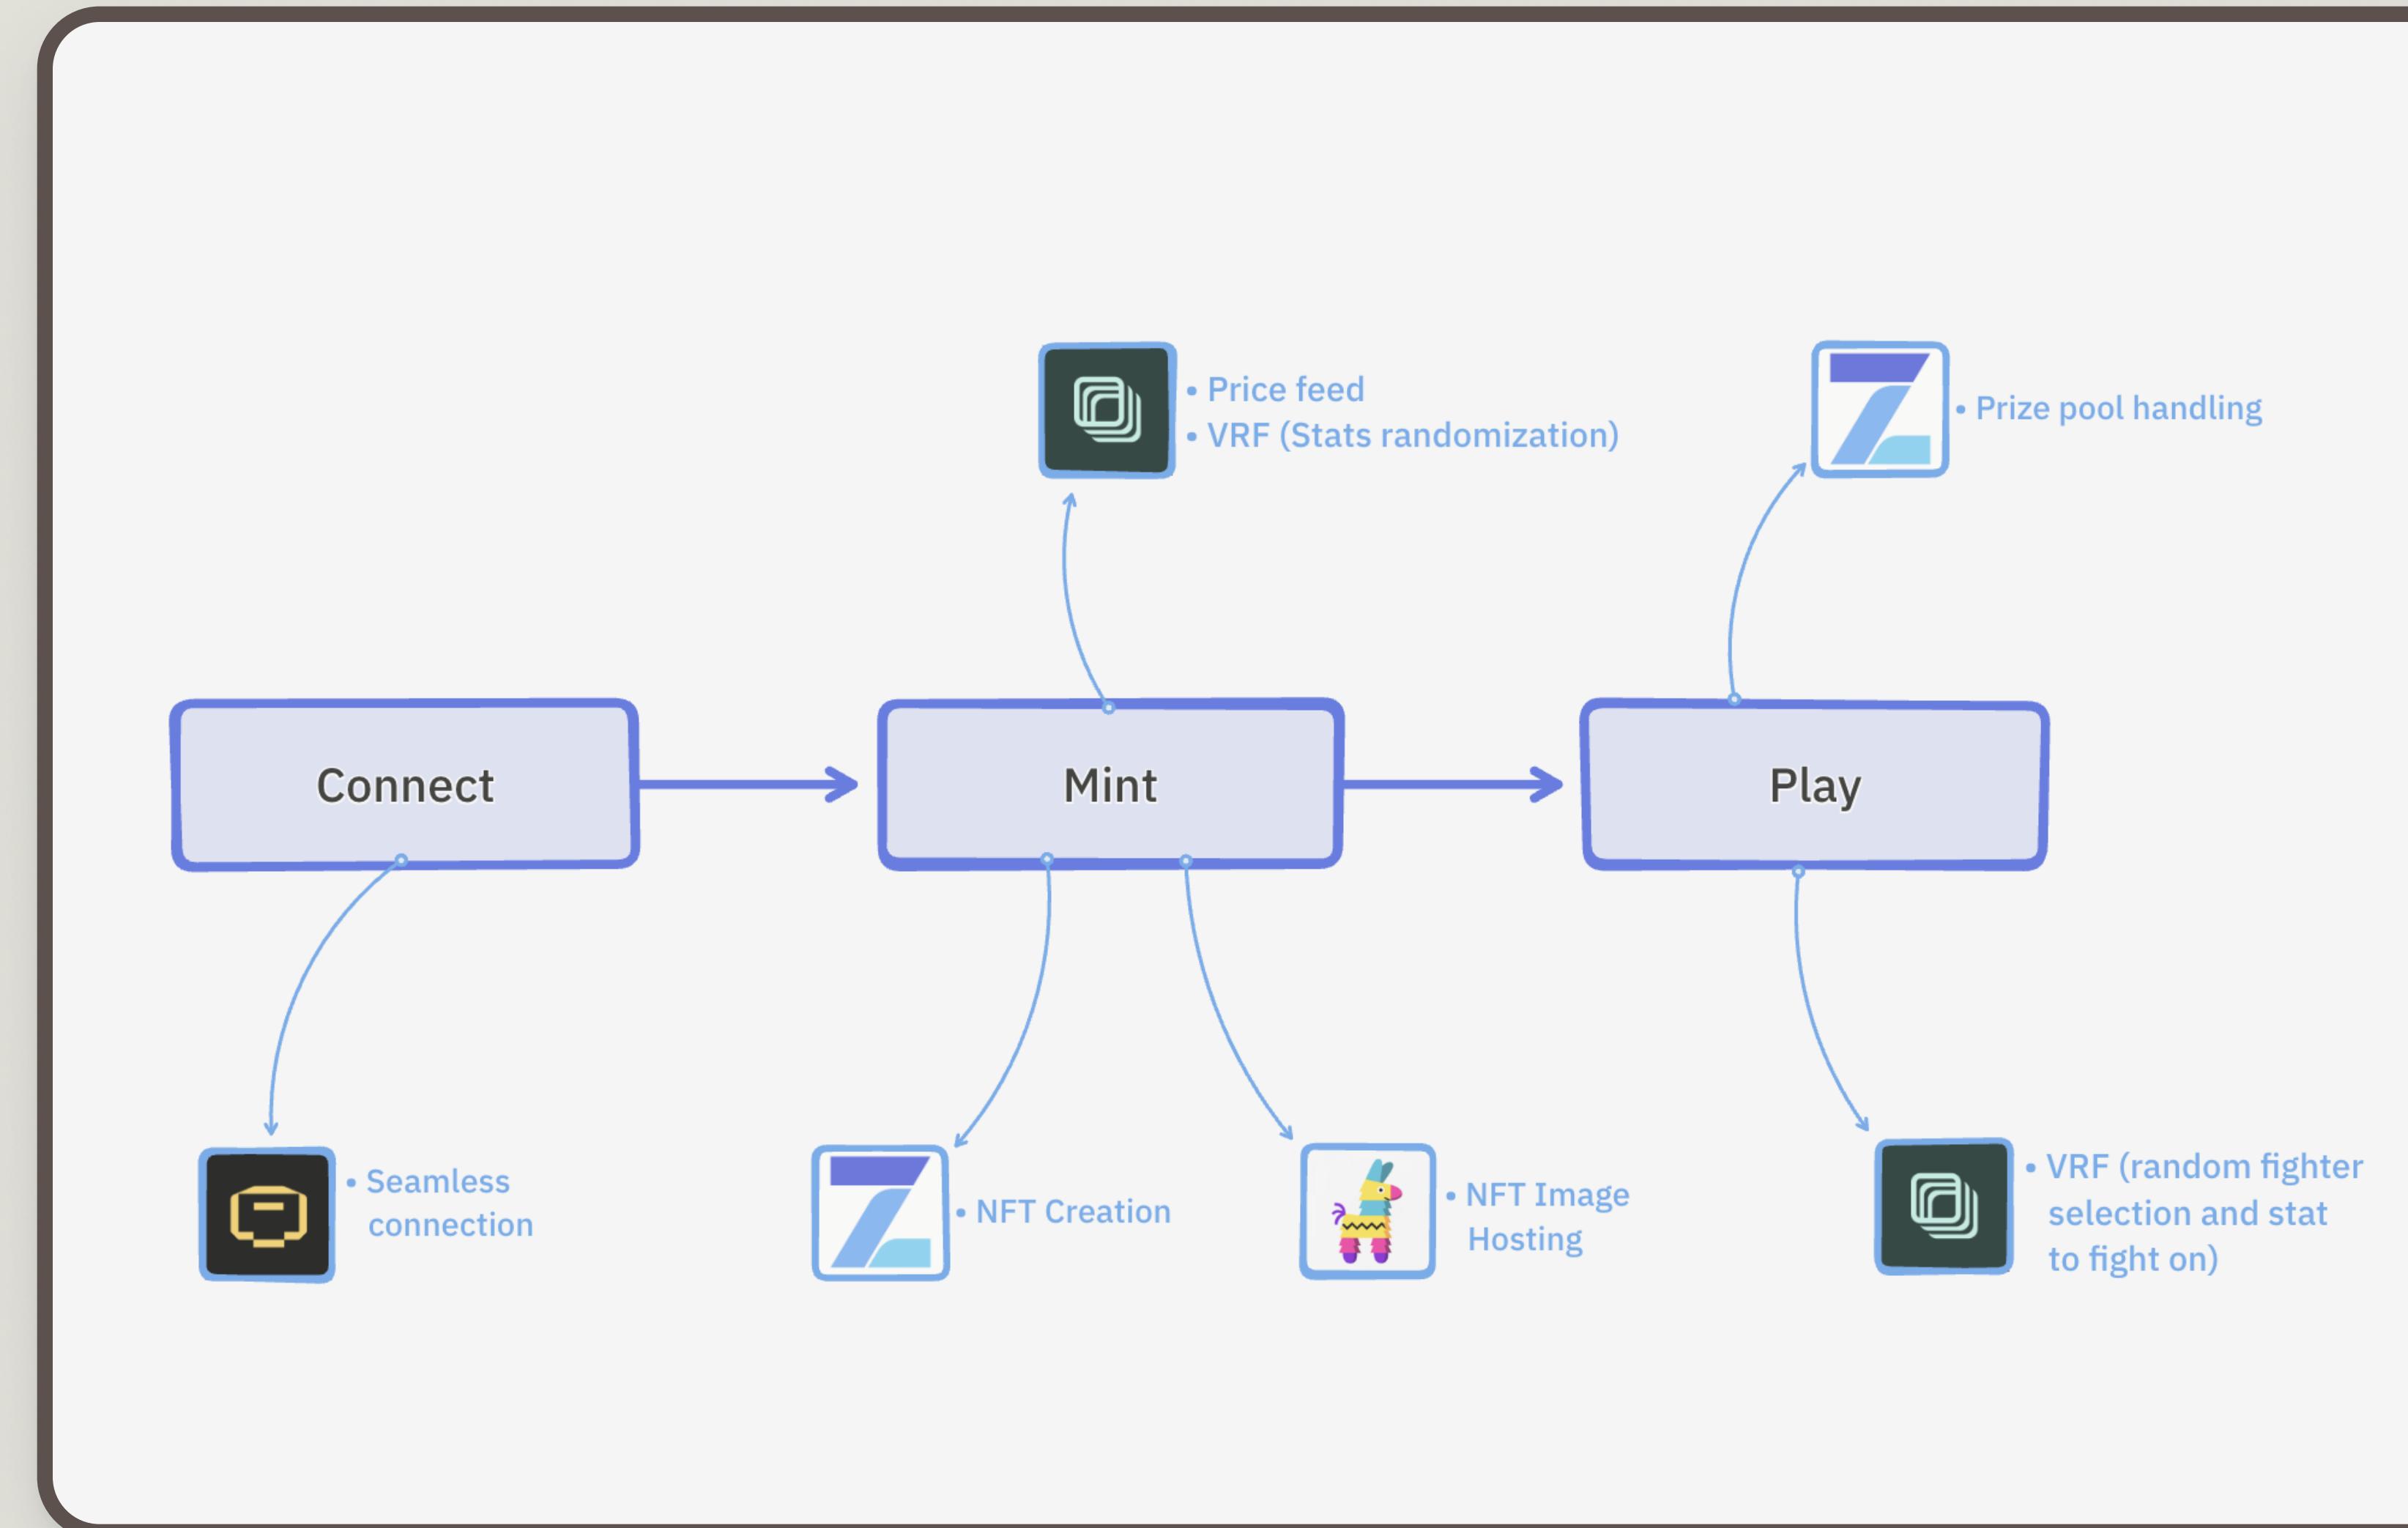

# UNDER THE HOOD

# HOW IT'S MADE

*GladiaStark combines Starknet smart contracts, verifiable randomness, and unique NFTs to create a decentralized, fair, and engaging lottery experience.*

# HOW IT WORKS

- *Pragma Price Feed*
- *Cartridge Wallet*
- *Cartridge VRF*
- *Starknet*
- *NFT ERC721*
- *ERC20*
- *Pinata*

## — MONETIZATION

*GladiaStark sustains itself through a simple 10% platform fee per arena, with plans to develop new ways for users to participate in the future.*
